Jl. Majapahit Timur No.3, RT.002/RW.016, Poris Plawad Indah, Kec. Cipondoh, Kota Tangerang, Banten 15141

Mobile Developer specializing in iOS (SwiftUI) with experience building scalable applications and intelligent features such as face recognition. Skilled in Clean Architecture, API integration, and performance optimization, with a strong focus on delivering reliable and user-focused mobile experiences.

Education Level

Universitas Bina Nusantara - **Tangerang, Indonesia** Aug 2020 - Aug 2025

Bachelor of Computer Science, 3.50/4.00

- Built a face recognition attendance system (thesis) using Flutter, enabling real-time identity verification and improving attendance accuracy.
- Applied mobile architecture, API integration, and performance optimization to deliver a scalable and efficient application.
- Completed multiple software engineering projects, developing strong foundations in system design and collaborative development.

Work Experiences

Jelajah Data Semesta - **Jakarta Pusat** Oct 2025 - Apr 2026

iOS Developer Internship

start-up company established in June 2017 focusing on software development services to assist the ever-growing needs for business in marketing promotions, loyalty programs and digital advertisements.

- Delivered 5+ iOS features using SwiftUI & Clean Architecture, improving modularity and reducing feature integration time.
- Implemented Core Data & Combine, improving data handling efficiency and app responsiveness.
- Integrated 10+ REST APIs using Moya, creating a scalable and maintainable networking layer.
- Implemented push notification features, enhancing user engagement and real-time communication within the app.
- Managed app distribution enterprise environments, supporting both public release and internal deployment needs.
- Automated build & release pipeline using Fastlane & Firebase App Distribution, reducing manual deployment effort and accelerating testing cycles.
- Collaborated with cross-functional teams using Git workflows, delivering user-focused features in an agile environment.

Apple Developer Academy @ BINUS - **South Tangerang, Indonesia** Mar 2024 - Dec 2024

Junior Developer Intern

The Apple Developer Academy @ BINUS, Tangerang is Asia's first-ever initiative to empower Indonesia's economy by creating world-class developers for the world's most innovative and vibrant app ecosystem.

- Contributed to 7+ projects (including 2 games) using SwiftUI, UIKit, and ARKit in collaborative environments.
- Led a team as Project Manager, delivering a full product and pitching to Apple Singapore stakeholders.
- Completed 1 end-to-end solo project, managing the full development lifecycle independently.
- Served as Tech Lead, mentoring team members and improving code quality through best practices.

SDMKita - **Tangerang, Indonesia** Jun 2023 - Sep 2023

Mobile Developer Freelance

SDMKita’s emphasis on social impact reflects a strong commitment to cultivating not only academically proficient students but also responsible individuals who are empathetic and actively contribute to society.

- Developed a client-facing mobile application using Flutter & Dart, integrating APIs with a MySQL backend.
- Translated business requirements into functional features, ensuring usability and timely delivery.
- Collaborated with stakeholders through client discussions, contributing to requirement analysis and product decisions.

PT Pralon - **Tangerang, Indonesia** Mar 2023 - Mar 2024

HRIS Programmer Intern

PT Pralon, through its trademark Pralon, has been a pioneer in Indonesia’s uPVC pipe industry since 1963.

- Contributed to development of 3 internal systems (HRIS, Recruitment Website, Mobile App).
- Built face recognition-based attendance system, improving authentication accuracy and reducing manual processes.
- Developed payroll feature, supporting automated salary processing and operational efficiency.
- Received 3rd Place & Top 5 Finalist in company innovation awards for system improvements.

Organisational Experience

HIMTI Binus University - **Tangerang, Indonesia** Mar 2021 - Mar 2023

HIMTI BINUS University is the official student organization for Computer Science and Informatics students, focusing on technology, leadership, and community development through academic programs and events.

- Actively contributed to publication, marketing, and sponsorship activities, including writing articles, creating news content, and hosting podcasts.
- Coordinated sponsorship outreach and partner relations for multiple major events such as TECHFEST, TECHNO, and HISHOT.
- Served as Vice Chairman (HILET 2022) and Technical Committee in several events, handling live streaming, event operations, and technical support.
- Mentored new members and participated in interview panels for organizational recruitment.
- Developed strong skills in communication, public relations, teamwork, leadership, and event management.

Skills, Achievements & Other Experience

- **Mobile Development**: Swift, Dart, SwiftUI, Flutter
- **Achievements** (2023): 3rd Place Pralon Improvement Awards Suggestion Systems
- **Achievements** (2023): Grand Finalist (Top 5) Pralon Improvement Awards Continuous Improvements
- **DevOps Tools**: Git, Fastlane, Firebase App Distribution, Crashlytics
- **Advanced**: Face Recognition, Machine Learning, Push Notification
- **Architecture & iOS**: Clean Architecture, Combine, Core Data, UIKit
- **Backend**: MySQL, REST API Integration
